TRUCKING, INC.

11/5/12

*We're Going **GREEN!***

As we all know, the trucking industry is well known for consuming large amounts of fuel and generating large amounts of paperwork. We, at Heitz Trucking, work very hard to minimize our use of both of these valuable resources by purchasing Energy Efficient Equipment and doing whatever we can to reduce our carbon footprint.

Paperwork is something the transportation industry generates at phenomenal rates. That's why we are proud to announce that we are now a 100% paper free billing operation. We can email or fax your bills with all supporting documentation. We just need your input as to which method you prefer. Please fill out the below information and we can get started. Thank you for helping us become part of the solution!
